A: Having said that books are a subjective matter, but my personal favourite is VVPO: Vadirajan V Vadirajan, Pradeepa P Kothapalli, VV Ramana and Rajan Khanna (2012). Numerical Chemical Engineering: theory and Practice. Butterworths. Q: Change background color on hover I have a list of items, and for each item I have an image and a div. The div has a different background color on mouseover and on mouseout. HTML: CSS: .sortable-item { width: 50px; height:50px; background: #fff; border: 1px solid #ccc; margin-right: 10px; text-align: center; display: inline-block; } .imga { padding: 10px; height: 50px; display: inline-block; } .overlay { width:50px; height:50px; background:#FFFFFF; -webkit-transition: background-color 1s linear; -moz-transition: background-color 1s linear; -ms-transition: background-color 1s linear; -o-transition: background-color 1s linear; transition: background-color 1s linear; } .overlay:hover { background:#0057A4; } Is it possible to do something like this on hover? I want the divs in the list to change color and not the background color of the . I have made this jsfiddle to demonstrate my problem: 2d92ce491b
